

FLUMPS

Use 'FLUMPS' to analyse products and ideas in D&T!

F

Function - What does it do? Does it do this well? Does it do more than one thing? Could it do more than one thing?

L

Looks - Why is it that shape/size/colour. Does it have texture on it / a pattern / is the information easy to read?

U

User - Who do you think it is designed for? Is it suitable for them? What would have to change if it was designed for someone else?

M

Materials - What is it made from? Why is it made from that? What properties of the material make it suitable?

P

Pros/cons - What do you personally like about it? Use the product. What is good and what would you improve?

S

Sustainability - Can you recycle it? Is it easy to take apart to recycle? Could it use fewer parts?
