

## Our Mission

We help young people who are disengaged with physical activity – combining the power of creativity and youth co-created, real world projects – to provide society's young citizens with 360° opportunities to be, and stay active.

We support all 11-25 year olds across the UK, but focus on the least active young people, especially those in lower socio-economic groups.

League Leaders is a non profit sport, education and citizenship organisation. *(in process of our charity application)*

#### #2 Live

Co-creation with young people directly – reviewing, designing and launching real world projects – innovating and influencing how organisations and sectors can help young people to be, and stay, active.

#### #3 Futures
