

Projects in a pack

A full set of selected resources to support your primary school deliver high-quality design and technology.

Includes templates to support local company sponsorships.

Please look though the pack to see the different options from both Dryad and Tilgear and good luck on your D&T journey!

Stay at the forefront of developments...

The Design & Technology Association are fully aware of the great strains on a primary school when setting up design and technology provision.

Knowing what are suitable materials and resources to inspire D&T teaching and learning and also where to get them from can be problematic. Sometimes the amount of choice can be overwhelming and can also take valuable time to do. Add to this financial constraints in many schools and there is a clear issue that needs addressing.

The Design & Technology Association has worked in collaboration with our friends at Dryad Education and Tilgear, to provide primary schools with a simple, purchasing model that hopes to eliminate many of these problems.

'Projects in a pack' is an easy-to-buy set of resources that have been chosen to complement the D&T Association's popular 'Projects on a page' scheme of work, but is suitable even if this is not used. The three tiers (Gold, Silver and Bronze) provide different options depending on budgets, but all will provide schools with everything you need to implement D&T in your school.

When the time comes to reorder materials, each pack will come with relevant codes so you can quickly replenish stock knowing you are getting the resources you want. Each tier of resources is at a discounted rate including free shipping, therefore providing the best possible value for schools.

In addition, the pack also has templates to use to approach local industry asking them for sponsorship of resources. Your local network of designers and manufacturers such as engineering firms, architects and food processing firms should be very keen to support D&T in their local areas and even companies such as the local supermarket can be un-tapped resources to provide financial help to schools and can potentially mean these amazing resources come at no cost to your school!

Please note: items required for the teaching of cooking and nutrition are not included as most can be singly purchased from supermarkets or similar.

Some additional items are recommended (and stated) that could not be included as part of 'Projects in a Pack'.

Join the D&T Association at: designtechnology.org.uk

About us

DESIGN & TECHNOLOGY ASSOCIATION

The Design & Technology Association is a membership organisation providing advice, support and training for those involved in teaching design, engineering and technology. For further information, membership options and for details in 'Projects on a Page' visit www.designtechnology.org.uk

Dryad Education is a school supplies specialist with over 13,000 products and 30 years' experience supplying textiles and technology supplies to schools and businesses. For further information on their product range, visit www.dryadeducation.co.uk

Tilgear have been established since 1965 and pride themselves on being the one-stop-shop for every element of the D&T workshop. For further information on their product range, visit www.tilgear.info

Industry support

Local Industry provides an opportunity to support schools in a number of ways.

Local industry are a potentially valuable (untapped) resource. Many schools have never tried reaching out to local companies to try and get their support.

Whilst there is no set rules as to type of companies to contact, local design and manufacturing firms many be more likely to appreciate D&T education. You could offer to pop something in your newsletter / website about the sponsorship.

Materials can also be sourced from local industry. Off cuts of materials such as cardboard, wood and fabrics from a company, are valuable resources for a school and prevent you having to dip into your budget. A local packaging/removals company for example could keep you in a supply of cardboard for years!

Consider your parents and other stakeholders too. A businesscard drop-box in reception or a note in the newsletter many uncover valuable resources you didn't know existed! They could also provide the contextual brief for your next unit and may have industry experts on hand to help and inspire? We'd love to hear about your industry engagements.

Call us on 01789 470007, email: membership@designtechnology.org.uk

BRONZE

The Bronze package features the essentials for a school to start their D&T journey.

- Motors, Pulleys & holders -> 10
- Safety Rules -> 10
- Cutting Mats -> 5
- Snap-off Knives -> 10
- MDF Wheels -> 100
- Wooden Pulleys -> 50
- Artstraws -> 900
- Bench Hooks -> 2
- Jr Hacksaws -> 5
- Glueguns & Sticks -> 4
- Wooden Dowel -> 100
- Syringes & Tubes -> 40
- Hand Drills -> 2
- Drill Bits -> 10
- Bulbs & Holders -> 20
- Safety Specs -> 2
- Buttons -> Tub
- Polyester Threads -> 5
- Pins -> 320
- Needles -> 100
- Wool -> 10
- Fabric Pastels -> 30
- Pinking Shears -> 1
- Interfacing -> 5m
- Wadding -> 1m
- Felt Squares -> 36
- Crocodile Leads -> 50
- Tape Measure -> 4
- Battery Packs / Holders -> 10

Please use code **TECHSOFT1** to order the C.A.D. program 'Techsoft Primary V3 site licence' for £95

Also advised to purchase are 4-5 'Crumble controller starter kits' or 'Class packs' available from www.data.org.uk and a 'Silhouette Portrait Digital Cutting Tool' from graphtecgb.shop

GOLD

The Gold package features an increased quantity of items for schools. It also has improved quality tools and equipment.

- Motors, Pulleys -> 30
- Motor holders -> 30
- Safety Rules -> 20
- Paper Drills -> 4
- Paper Fasteners -> Box
- Cutting Mats -> 10
- Ceramic Knives -> 10
- MDF Wheels -> 200
- Wooden Pulleys -> 50
- Wooden Cams -> 30
- Cotton Reels -> 100
- Cotton Reel Tyres -> 1m
- Artstraws -> 900
- Bench Hooks -> 10
- Jr Hacksaws -> 10
- Glueguns & Sticks -> 10
- Wooden Dowel -> 100
- Wooden sections -> Pack
- Glasspaper -> 50
- Syringes & Tubes -> 60
- Self adhesive vinyl -> 2m
- Hand Drills -> 5
- Drill Bits -> 50
- G-Clamps -> 5
- Bulbs & Holders -> 50
- Battery Packs / Holders -> 50
- Crocodile Leads -> 50
- PVA Glue -> 5L
- Safety Specs -> 5
- Polyester Threads -> 5
- Safety Pins -> Pack
- Pins -> 720
- Pinking Shears -> 4
- Needles -> 500
- Wool -> 50
- Fabric Pastels -> 75
- Fabric Paints -> 24
- Interfacing -> 10m
- Wadding -> 1m
- Felt Squares -> 72
- Polycotton Fabric -> 40
- Tape Measure -> 10
- Glasspaper -> 50

Please use code **TECHSOFT1** to order the C.A.D. program 'Techsoft Primary V3 site licence' for £95

Also advised to purchase are 4-5 'Crumble controller starter kits' or 'Class packs' available from www.data.org.uk and a 'Silhouette Portrait Digital Cutting Tool' from graphtecgb.shop

SILVER

The Silver package features an increased quantity of items for schools, and a few additions.

- Motors, Pulleys & holders -> 20
- Safety Rules -> 20
- Paper Drills -> 1
- Paper Fasteners -> Box
- Cutting Mats -> 5
- Snap-off Knives -> 10
- MDF Wheels -> 100
- Wooden Pulleys -> 50
- Plastic Cams -> 80
- Cotton Reels -> 50
- Cotton Reel Tyres -> 900
- Bench Hooks -> 5
- Jr Hacksaws -> 10
- Glueguns & Sticks -> 5
- Wooden Dowel -> 100
- Wooden sections -> Pack
- Glasspaper -> 50
- Syringes & Tubes -> 60
- Hand Drills -> 4
- Drill Bits -> 52
- Bulbs & Holders -> 30
- Battery Packs / Holders -> 20
- Wire Cutters -> 4
- PVA Glue -> 2L
- Safety Specs -> 5
- Buttons -> Tub
- Polyester Threads -> 10
- Safety Pins -> Pack
- Pins -> 400
- Needles -> 250
- Wool -> 20
- Fabric Pastels -> 5 packs
- Pinking Shears -> 1
- Interfacing -> 5m
- Wadding -> 2m
- Felt Squares -> 50
- Wire -> 2
- Tape Measure -> 5

Tilgear can supply recommended additional items too:

- Use code **TILTECHSOFT** to order C.A.D. program 'Techsoft Primary V3 site licence' for £95

- Use code **TILCRUMBLE4** to order four Crumble microcontroller starter packs for £20 each

- Use code **TILCUTTER** to order Silhouette Portrait Digital Cutting Tool for £178.95

£539.99
